

SaleSphere Homepage Wireframe Outline

1. Header (Top Navigation)

- **Logo:** Positioned at the top left, representing the brand.
- **Navigation Menu:** Simple, prominent menu with links to:
 - Dashboard
 - Sales Ledger
 - Inventory
 - Reports
 - Product Management
 - Settings (Admin only)
- **Profile Icon/Dropdown:** On the right, showing the user's profile picture (optional), name, and a logout button.

2. Main Dashboard Overview (Central Area)

- **Welcome Message:** "Welcome, [User Name]" with a brief summary of account status.
- **Quick Stats Summary:** Card-style widgets displaying real-time data for:
 - Total Sales Today
 - Inventory Status (e.g., low stock alerts)
 - New Products Added
 - Revenue Summary (Today, This Week, Month)

3. Core Functionalities Section (Quick Links)

- **Record New Sale Button:** Prominently placed button for quick access to the sales logging feature.
- **Inventory Management:** Button or link to view/manage inventory, with a low-stock alert icon if relevant.
- **Add Product:** Button to add new products directly from the homepage.
- **Generate Report:** Link or button to generate quick reports (e.g., daily, weekly, monthly sales and inventory status).
- **Restock Inventory:** Quick access button to restock inventory items.

4. Analytics and Insights

- **Sales Graph/Chart:** Displays recent sales trends (e.g., bar or line chart showing sales by day for the past week).
- **Inventory Graph/Chart:** Visual display of top-selling items, stock levels, or low-stock alerts.

5. Recent Activities

- **Recent Sales Transactions:** Table showing recent sales with columns like:

- Date
- Product
- Quantity
- Sale Amount
- **Inventory Changes:** Log of recent inventory adjustments (e.g., restocks, new product additions).

6. Notifications/Alerts Section

- **System Alerts:** For low inventory, pending updates, or action-required items.
- **Admin Notifications:** For new role assignments, contract updates, or system changes.

7. Footer

- **Links:** Quick links to "Help", "Contact Support", "Terms of Service", and "Privacy Policy".
 - **Powered by Blockchain** indicator or any related tech information if relevant.
-
